

Faculty of Engineering & Technology

Parents Teachers Meeting

Faculty of engineering and technology conducted a parents teacher meeting on 7 May 2024. This meeting provided an excellent opportunity for parents to discuss student's progress and collaborated on ways to support students' academic and personal development. Parents met student's teachers individually to discuss their performance, strengths, areas for improvement, and any other matters of interest. At the end of meeting Dean engineering expressed gratitude to parents of students for their participation and collaboration. Sir encouraged continued communication and partnership between home and college.
